

## VIBRATION ANALYSIS TRAINING INAUGURAL Invitation and Call for Training Workshop

PREDICT Technologies India is a leading Condition Monitoring company. MOBIUS Institute is a global leader in Vibration Analysis Training and Certification, having certified thousands of analysts in over 30 countries across the world. PREDICT and MOBIUS have come together in an exclusive partnership to offer the world's leading Vibration course in the Indian market.

We would like to invite you to actively participate in this workshop, and to contribute to this training event. We particularly welcome key analysts/experts to have better interaction with our faculty.

Training Workshop:

Vibration Analysis - ISO 18436 Category

Faculty:

Mr. Jason Tranter, Founder MOBIUS Institute

Dates:

February 20<sup>th</sup> - Chennai  
February 21<sup>st</sup> - Mumbai  
February 22<sup>nd</sup> - Baroda  
February 23<sup>rd</sup> - Delhi

Venue:

Leading Hotels in respective cities (We will inform you by mail)

Price:

Training workshop:

Rs 2,500 (Includes lunch, Snacks & taxes extra.)

REGISTRATION and other details please contact: Mr. Kotya Naik - +91(0)40 4445 5555  
[mobius@predictinstitute.com](mailto:mobius@predictinstitute.com), [www.predictinstitute.com](http://www.predictinstitute.com)

The aim of this specific workshop is to provide an overview on current condition monitoring technologies and methods followed internationally. The main focus on our training certification course aspects and methodologies we follow to deliver an excellent course.

Our course is unique. We use 3D animations, Flash simulations, and numerous software simulators that completely demystify vibration analysis. While vibration training courses have traditionally been very theoretical, you will be captivated by the Mobius Training methods, and you will enjoy our practical approach. You will take away skills that you can immediately apply to your job, and you will truly understand what you are doing.

We don't just deliver an excellent course. We provide you with resources that you can use before, during and after the course.

Topics:

- ISO 18436 Training & Certification*
- Review of Condition monitoring technologies*
- Gizmos for student feedback*
- Pre-course and Post- course learning*
- Intro Vibration Analysis*
- Signal processing*
- Machine Fault Analysis procedure*
- Equipment testing and Diagnostics*
- Corrective action*
- Running a successful condition monitoring program*
- Learning why condition monitoring programs fail*
- Review of ISO standards*

Registration Form:

Name of Participant : .....

Company : .....

Vibration Experience : .....

Phone/Fax : .....

E- Mail : .....

Workshop Administration

Please send this Registration form via fax/email to PREDICT TECHNOLOGIES INDIA PVT. LTD., HYDERABAD.

Declaration

I hereby confirm and declare I have prerequisites for this course and fully understand the above terms.

Name ..... Signature & Company Stamp .....
